

ALFA

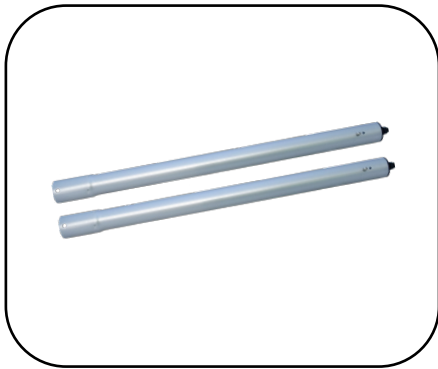

Alfa: the steam cleaner for professional cleaning, even at home

TPA Impex allows you to steam clean your home professionally, thanks to the Alfa steam cleaner. Alfa is a professional steam generator equipped with a powerful and fast boiler, luminous controls, a steam adjustment system, and a locking safety cap.

It combines the sanitizing power of **steam at 155°C and the pressure of 4.5 bars**: it removes bed bugs, germs, bacteria and inactivate viruses.

Thanks to the large number of accessories supplied with Alfa you can deeply sanitize floors, grout lines between tiles, range hoods, the oven and the cooker hob, sofas, chairs, glasses, bathroom and shower without the use of harsh chemicals or detergents.

This steam cleaner also has a robust painted steel body, a patented monobloc handle, and a wide range of patented standard accessories. The shockproof and scratch-resistant rubber guards allow Alfa to be used in any environment.

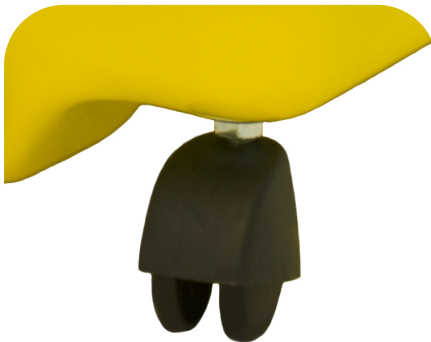

Professional aluminum tubes

Each TPA product has special accessories, such as these robust, professional aluminum tubes, that make steam cleaning operations easier.

Pressure of 4.5 BARS

ALFA generates steam at a temperature of 155°C and at a pressure of 4.5 bars. The sanitizing power of steam allows different types of surfaces to be cleaned quickly and efficiently, ridding them of stubborn dirt.

Swivel wheels

ALFA can be moved in any direction and rotates 360°, thanks to the 4 swivel wheels.

Pressure gauge

The ALFA steam cleaner with its stainless-steel boiler ensures the best sanitizing performance. The pressure can be constantly monitored thanks to the pressure gauge.
