## Jolly Pressing: the steam generator iron with TPA boiler

Are you looking for the best steam generator iron? TPA Impex is a specialist also in the field of ironing systems and steam generator irons.

Jolly Pressing is proof of this: it is a professional ironing system with a stainless steel body and a powerful AISI 304 stainless steel boiler having a capacity of 1.4 liters. The safety cap and the low water level indicator light make it the ideal appliance for ironing your clothes.

*Continuous refill boiler and removable probe for limestone control*

*Powerful boiler (1500 W)*

*Multifunction electronic display*

*Professional iron with 850 W aluminum plate*

*Dry ironing*

*Vertical ironing*

*Adjustable steam flow and micrometric regulation of the plate temperature*

To iron delicate items (eg silk), simply press the iron power button and adjust the plate temperature using the knob. When the orange light on the iron is off, you can go on ironing.

The special button, equipped with a steam lock, allows you to firmly hold the handle of the iron, delivering steam continuously.

Manual settings to accurately adapt the steam and temperature to the different types of fabric make Jolly Pressing the ideal ally for your clothing. Thanks to the optimal combination of steam and temperature, this ironing system eliminates up to 99.97% of germs and bacteria.

*No-shine armoured teflon shoe (OPTIONAL)*

It allows a soft and fast ironing avoiding the shiny effect, burns and adherence to fabrics. Thanks to the optimal combination of steam and temperature, this ironing system eliminates up to 99.97% of germs and bacteria
