

ROBBY

Robby: the handy and versatile steam cleaner for cleaning your home

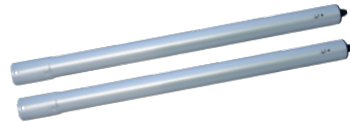

A powerful and fast boiler, steam flow adjustment, luminous controls, and a locking safety cap: all these elements make Robby by TPA Impex the perfect professional steam cleaner to sanitize your home.

This steam cleaner is really robust thanks to its stainless steel body and the patented monobloc handle, and is user-friendly thanks to the presence of a practical handle and swivel wheels.

Robby is a steam cleaner designed to be very versatile thanks to the wide range of accessories supplied.

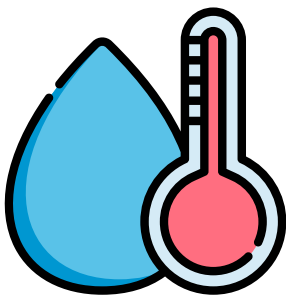

*AISI 304 stainless steel
large boiler (4 L)*

Professional aluminum tubes

The AISI 304 stainless steel boiler of the Robby steam cleaner has a capacity of 4 l which guarantees prolonged use, without needing to pause for refilling.

Each TPA product has special accessories, such as these robust, professional aluminum tubes, that make steam cleaning operations easier

Hot water function

The hot water function envisages the delivery of a mixture of steam and a water solution to remove stubborn dirt more effectively.

*Steam at a temperature of 155°C
and pressure at 4.5 bars*

ROBBY generates steam at a temperature of 155°C and at a pressure of 4.5 bars. The sanitizing power of steam allows different types of surfaces to be cleaned quickly and efficiently, ridding them of stubborn dirt.
