

# VAPOR SYSTEM 900

## Vapor System 900: steam cleaning to achieve maximum hygiene

Sanitizing your commercial environments has never been so simple thanks to Vapor System 900. It is equipped with a powerful and fast boiler and a continuous refill system.

Vapor System 900 is provided with steam adjustment. This steam cleaner ensures effective sanitization of floors, grout lines between tiles, range hoods, the oven and the cooker hob, sofas, chairs, glasses, bathroom and shower without the use of harsh chemicals or detergents.

The sanitizing power of steam removes germs, bed bugs, bacteria, and inactivate viruses. With the washing-hot water extraction function steam is generated together with a water and/or detergent solution to remove stubborn dirt even more effectively.

- **Stainless steel boiler**
- **Washing-hot water extraction function**
- **Unlimited autonomy - continuous refill**
- **Steam pressure at 4 bars**

*Swivel wheels*

Vapor System 900 can be moved in any direction and rotates 360°, thanks to the 4 swivel wheels.

*Washing-hot water extraction function*

With the washing-hot water extraction function steam is generated together with a water solution at 70° C to remove stubborn dirt effectively

*Continuous refill system*

Vapor System 900 is equipped with a continuous refill system. You will be able to sanitize without ever having to stop.

*Pressure gauge*

The Vapor System 900 steam cleaner with its stainless-steel boiler ensures the best sanitizing performance, and the pressure can be constantly monitored thanks to the pressure gauge.

*Professional aluminum tubes*

Each TPA product has special accessories, such as these robust, professional aluminum tubes, that make steam cleaning operations easier.

## VAPOR SYSTEM 900

POWER SUPPLY	120 V	230 V
HEATING UP TIME, BEFORE USE	14 min	5 min
BOILER REFILL SYSTEM	AUTOMATIC REFILL	AUTOMATIC REFILL
OPERATING PRESSURE	4,5 bar (450 kPa)	4,5 bar (450 kPa)
MAXIMUM TEMPERATURE	155 °C	155 °C
BOILER CAPACITY	2,5 L	2,5 L
BOILER MATERIAL	AISI 304	AISI 304
BOILER POWER	2200 W	3400 W
IRON POWER	850 W	850 W
STEAM PRODUCTION	85 g/min	110 g/min
MAXIMUM POWER ABSORBED	1600 W	3400 W
STEAM FLOW ADJUSTMENT	Manual	Manual
WATER TANK CAPACITY	1,8 L	1,8 L
DETERGENT TANK CAPACITY	2 L	2 L
NET WEIGHT	9,5 kg	9,5 kg
RANGE OF ACTION	7,5 m	7,5 m
DIMENSIONI L X P X H	295/460/360	295/460/360
BRUSH PARKING	NO	NO

TPA IMPEX S.p.A. is an **Italian company** founded in 1987 by Luigi Amoretti that is based in **Romano d'Ezzelino** in the province of Vicenza, in north-eastern Italy. The company has **more than thirty years of experience** in the design and manufacture of sanitation systems for domestic and industrial use.

Constant investments in Research & Development demonstrate this company's unwavering commitment to find high-tech solutions which respect the environment and all the applicable safety standards.

Furthermore, the particular attention dedicated to the manufacturing processes (100% Made in Italy) together with the careful selection of materials and the choice of excellent partners, represent the strategic advantages that place this company at the forefront in the defense and promotion of **Italian know-how**.
